ICTIEE 2020

The Seventh International Conference on Transformations in Engineering Education (ICTIEE 2020) will CONNECT engineering educators from all over India with leaders from across the world as well as from industry for nurturing excellence in engineering education. Participants will be able to SHARE best practices and thereby LEARN to TRANSFORM their own institutional efforts to prepare engineering graduates who can address global challenges as well as targeted initiatives of the Indian government. ICTIEE 2020 is being hosted at Anurag Group of Institutions, Hyderabad. The Conference includes paper presentations, workshops, keynote addresses, plenary talks and panel discussions.

BENEFIT TO THE SPONSORS:

ICTIEE 2020 is an excellent platform for interaction with peers in achieving transformations in the field of engineering education. It is expected that a minimum of 40 global representatives from various countries like USA, UK, Canada, Australia, Taiwan etc. will be present at the conference. Prominent personalities from leading academic institutions and the corporate giants are converging at ICTIEE making it a single point of contact to explore opportunities. Total expected number of delegates for the conference is more than 2000. This platform will ensure that the engineering students emerge as skilled and competent professionals.

1. Brand exposure: Gain immediate competitive advantage for your business because of the exposure to the international community
2. Exhibiting at ICTIEE, will help to drive traffic to your stand – valuable visitors whom you can then trade and do business with you.
