**ICTIEE 2022**

ICTIEE is one of the signature programs of IUCEE connecting education experts and passionate educators all over the world for improving the potential for excellence in engineering education. It has emerged as a global platform for sharing best practices and collaborating with academic and industrial experts for both faculty and students. The research articles submitted to ICTIEE are continuously increasing every year in terms of quality and quantity. In line with the previous ICTIEE conferences, ICTIEE 2022, hosted virtually, features paper and poster presentation sessions, workshops, special lectures, panel discussions, conclaves and thus facilitating global network for the cause of effective engineering education. ICTIEE 2022 is expected to have more than 2000 delegates and is welcoming passionate educators and students to be a part of this mega event.
